

Co-Star CHELSEA

1 INT. HOSPITAL - E.R. - CONTINUOUS 1

Dr. Feline and Dr. Willis work on two cheerleaders, LISA and CHELSEA (17). Lisa has a very bruised calf and a cut cheek. Chelsea has a wrist sprain.

scene 1

But Lisa's paying very little attention. She's watching Maxine, across the room...

LISA

I mean, she barely even looks hurt, when my FACE is split open. Maxine screwed us.

CHELSEA

Danielle's the one who threw us off. She didn't put her weight in her heel, when she knows you have to-- OW.

(to Dr. Feline)

What, are you trying to break it more--?

LISA

Yeah, but Danielle's only here because Max begged me to let her on the team.

(faux sincerity)

And I did. Because I am a really good friend to her.

CHELSEA

I know. SMHing right now.

LISA

I am over them; we have worked too hard and sacrificed too much for Maxine and Danni to humiliate us like that. They are dust.

CHELSEA

Down.

LISA

Done. Hashtag that.

End

2 INT. HOSPITAL - E.R. - NIGHT 2

Maxine is in bed next to the other Lisa, Danielle and Chelsea as they place her back in her spot, near the other cheerleaders' beds...

scene 2

DANIELLE

(voice raised)

That's not-- Lisa.

Every's Anatomy

Start →

DANIELLE (CONT'D)

It was an accident! You think I did it on purpose?

CHELSEA

She thinks you're a liability. You didn't belong up there. You're clearly not pyramid material--

DANIELLE

Who says I even want to cheer with ANY of YOU anyway--??

CHELSEA

Good! Because you're bringing us ALL DOWN. LITERALLY.

DR. JUAREZ

SHUT UP. EVERYBODY.

And he says it so loud, so fiercely -- it actually works. And now we see why he's yelling. In the next bed, Maxine is unconscious.

CHESLEA

Oh my god. Is she dead.

End
